

PROFILE

.NET Backend Engineer with focus on clean architecture, system integration and pragmatism

I have experience with delivering solutions for existing software problems and a broad understanding of various technologies which enables me to adapt fast to new tools and environments

TECH STACK

- **Backend:**
 - C#, .NET/ASP.NET
 - Clean Architecture
 - Hangfire
- **Testing & Databases**
 - xUnit, Moq
 - MS SQL, CassandraDB
- **Infra & CI/CD**
 - Linux distros
 - Docker
 - TrueNAS (homelab)
 - CF Tunnels
 - Azure & Bitbucket Pipelines
 - OIDC Implementation
 - Google PubSub
- **Observability & tools**
 - Datadog
 - Git
 - Jira
 - Confluence

LANGUAGES

- Polish: C2 (Native) 
- English: C1 

HOBBIES

- Electronics - If it's powered by DC current, I probably know how it works
- Dance - Cuban salsa
- FOSS - discovery & use
- Cars

Marcin Świdorski

.NET BACKEND ENGINEER

WORK EXPERIENCE

Junior .NET Engineer

Maxima Consulting | Oct 2025 - present

- Contributed to a large, production-oriented **.NET** codebase (**REST APIs**) on a WMS integration project
- Implemented features and bug fixes in collaboration with a cross-functional team
- Designed and wrote **unit tests** for complex classes and services
- Engineered a custom **APM instrumentation** library for **Hangfire** background jobs
- Participated in release preparation and deployment
- Worked in an international team with a US-based client

SELECTED PROJECTS

Homelab & Infrastructure Management

- Deployed a **private server** using **TrueNAS** and **Docker**
- Managing external access via **Cloudflare Tunnels** and VPN for self-hosted services.

DropFlow (Degree Project, WIP)

- Developing a full stack app with a modular monolith backend in **.NET (Clean Architecture)**, an external **AI node** and a cross-platform **Flutter** frontend

EDUCATIONAL HISTORY

College of Economics and Computer Science in Krakow (WSEI)

Engineer in Applied CS | Oct 2023 - Feb 2027

- Part-time studies with focus on software development & engineering

Jana Pawła II High School in Krynica-Zdrój

IT Specialization | Sep 2018 - Apr 2022

EXTRA ACTIVITY

Member of student council at WSEI

- I organized student parties and events in my College, such as Hackathons or open-air cinema
- Trips to fairs and representing the university
